

Dear Mr Chapman—

The question has arisen this morning whether Miss Martineau's name should be given, for the authorship of the review in the Westminster. I say, decidedly, Not. Mr. G. prefers to refer it to you, as I do also.

The pamphlet will make about 72 pages of the 18mo. size.

In haste,

Thursday, 22<sup>o</sup> }

There is no immediate haste for your decision about the name.
